## **THE NOMINATION COMMITTEE'S PROPOSAL AND REASONED STATEMENT REGARDING ITS PROPOSAL FOR BOARD MEMBERS INCLUDING A REPORT ON THE NOMINATION COMMITTEE'S WORK**

### **1. BACKGROUND**

- 1.1. It was resolved at the annual shareholders' meeting in Alligator Bioscience AB (the "Company") on 2 May 2017 to adopt an instruction and charter for the Nomination Committee according to which the Nomination Committee shall consist of four members representing the three largest shareholders as per the last business day of September, together with the Chairman of the board. The largest shareholders refers to the registered shareholders or otherwise known shareholders on the last business day in September.
- 1.2. In accordance with the adopted instruction, a Nomination Committee for the annual shareholders' meeting of 2018 has been constituted consisting of Kirsten Drejer (Chairman) representing Sunstone Life Science Ventures Fund II K/S, Berit Levy representing Lars Spånberg and Jonas Sjögren representing Jonas Sjögren as well as the Chairman of the board, Peter Benson. The composition of the Nomination Committee was announced on 13 November 2017.
- 1.3. The Nomination Committee has followed the instruction and charter which was established by the annual shareholders' meeting on 2 May 2017, with the exception that the members of the Nomination Committee was announced approximately three weeks later than the six months prior to the annual shareholders' meeting as stipulated by the instruction and charter.

### **2. THE NOMINATION COMMITTEE'S PROPOSAL FOR BOARD MEMBERS**

- 2.1. The Nomination Committee proposes;
  - that the board shall consist of six board members,
  - that Peter Benson, Carl Borrebaeck, Ulrika Danielsson, Anders Ekblom, Kenth Petersson and Jonas Sjögren are re-elected as ordinary board members, and
  - that Peter Benson is re-elected as Chairman of the board.

### **3. THE NOMINATION COMMITTEE'S REASONED STATEMENT**

- 3.1. The Nomination Committee has been constituted with regard to the shares and votes in the Company as per 30 September 2017. The Nomination Committee has held three formal meetings and has had continuous contacts by telephone.
- 3.2. The Company's shareholders have been informed that it has been possible to submit proposals for board members no later than 31 January 2018. No such proposals have been received.
- 3.3. The aim of the Nomination Committee's work has primarily been to create an appropriate composition of the board, through which the members combined expertise and experience creates a broad base that conforms well to the Company's

activity, stage of development and other conditions in general. The board shall be characterized by diversity and width with reference to the members' skills, experience and background.

- 3.4. The Nomination Committee has noted the evaluation of the board and has considered what competence and qualities the members of the board should have. The Nomination Committee is of the opinion that the composition and competence of the board meet the set requirements well.
- 3.5. The Nomination Committee has made the assessment that the proposed composition of six members of the board meets well with the Company's needs as well as the requirements of the Swedish Code of Corporate Governance (Sw. Svensk kod för bolagsstyrning).
- 3.6. The Nomination Committee has considered the requirements of the Swedish Code of Corporate Governance that an even gender balance shall be strived for. The Nomination Committee has applied Rule 4.1 of the Swedish Corporate Governance as diversity policy, which states that the composition of the board shall be characterized by diversity and breadth with respect to qualifications, experience and background of the board members and that an even gender balance shall be strived for. The Nomination Committee has considered the question regarding an even gender balance and the Nomination Committee can, unfortunately, conclude that the proposed composition of the board will not correspond to the level of ambition of which 40 percent of the board members shall represent the underrepresented sex. However, the Nomination Committee notes in connection herewith, that the employee representative who has been appointed to the board is a woman. The Nomination Committee's ambition is that the gender balance shall increase further over time, and at least correspond to the levels expressed by the Swedish Corporate Governance Board.
- 3.7. The Nomination Committee also considers that the proposed composition of the board fulfills the requirements of the Swedish Code of Corporate Governance regarding the independence of the members of the board. According to the Nomination Committee, all proposed board members, except Carl Borrebaeck, are to be considered independent in relation to the Company, its senior management and larger shareholders. Carl Borrebaeck is to be considered non-independent in relation to the Company and its senior management, but independent in relation to larger shareholders.
- 3.8. Information on the board members proposed for re-election may be found at the Company's website and in the Annual Report (see [www.alligatorbioscience.se](http://www.alligatorbioscience.se)).
