PROPOSED RESOLUTIONS

Item 1: Election of Chairman of the meeting

The board of directors proposes that lawyer Ola Grahm is elected as Chairman of the meeting.

Item 6: Resolution on (A) amendment of the Articles of Association; (B) decrease of the share capital to cover loss; and (C) decrease of the share capital for allocation to unrestricted shareholders' equity

The board of directors proposes that the meeting resolves on (A) amendment of the Articles of Association; (B) decrease of the share capital to cover loss; and (C) decrease of the share capital for allocation to unrestricted shareholders' equity, in accordance with what is set out below.

A. Amendment of the Articles of Association

The board of directors proposes that the meeting resolves to amend the company's Articles of Association in accordance with the following:

§ 4 Share capital

Current wording

The share capital of the company shall be no less than SEK 60,000,000 and no more than SEK 240,000,000.

Proposed wording

The share capital of the company shall be no less than SEK 3,000,000 and no more than SEK 12,000,000.

B. Decrease of the share capital to cover loss

The board of directors proposes that the meeting resolves to decrease the share capital with SEK 112,379,938.92 to cover loss and without the redemption of shares. The decrease decreases the share capital from SEK 125,621,369.60 to SEK 13,241,430.68, whereby the share's quota value decreases from SEK 0.20 to approximately SEK 0.02.

C. Decrease of the share capital for allocation to unrestricted shareholders' equity

The board of directors further proposes that the meeting resolves to decrease the share capital by an additional SEK 10,100,896.44 for allocation to unrestricted shareholders' equity, without the redemption of shares. The reason for the board of directors' proposal to decrease the company's share capital under this item C is to improve the ratio between the share capital and unrestricted equity.

As a statement pursuant to Chapter 20, Section 13 of the Swedish Companies Act (2005:551), the board of directors may state the following. The resolution to decrease the company's share capital in accordance with the proposal in this item C may be implemented without authorization from the Swedish Companies Registration Office or a general court, since the company will simultaneously carry out a rights offering of units, which means that neither the company's restricted equity nor its share capital, will be decreased. The board of directors' proposed resolution to approve the board of director's resolution regarding the rights of units is set forth in item 8 on the agenda for the meeting.

Following the reduction of the share capital in accordance with item B above, the effect of the board of director's proposal regarding the reduction of the share capital under this item C will be that the share capital and restricted equity will decrease by SEK 10,100,896.44 to SEK 3,140,534.24, whereby the quota value of the share will simultaneously decrease from approximately SEK 0.02 to SEK 0.005. If the rights issue is fully subscribed, the share capital and restricted equity will subsequently

increase by SEK 31,405,342.40 (based on the new quota value) to SEK 34,545,876.64. If the rights issue is subscribed to only the guaranteed level (approximately 47 percent), the share capital and restricted equity will increase by SEK 14,700,000.00 to SEK 17,840,534.24.

The board of directors' proposals under A–C above constitutes a joint proposal and shall be resolved upon as a joint resolution.

The resolution is conditional upon the meeting also resolving in accordance with items 7–10 in the notice.

Item 7: Resolution on amendment of the Articles of Association

In order to enable the rights issue of units consisting of ordinary shares and warrants that is proposed to be approved under item 8 in the notice, the board of directors proposes that the meeting resolves to amend the company's Articles of Association by adopting new limits for the share capital and the number of shares, respectively. In this regard, the board of directors has prepared four proposals for amendments to the Articles of Association, Alternative A, Alternative B, Alternative C and Alternative D. Only one set of Articles of Association are intended to be registered with the Swedish Companies Registration Office (Sw. Bolagsverket). Which Articles of Association may be registered depends on how many ordinary shares and warrants that are issued and subscribed for and paid for in the rights issue.

It is proposed that the board of directors shall be authorized to register the company's new Articles of Association in accordance with one of Alternative A, Alternative B, Alternative C and Alternative D, based on what the board of directors, after considering the outcome of the rights issue, deems most appropriate. It is therefore proposed that the meeting resolves on all alternatives, but only one of the alternatives may ultimately be registered with the Swedish Companies Registration Office. The board of directors may also find it most appropriate not to register any new Articles of Association at all.

Item 8: Resolution on approval of the board of directors' resolution on rights issue of units

The board of directors proposes that the meeting resolves to approve the board of directors' decision of 23 July 2026 on a rights issue of a maximum of 3,140,534,240 units consisting of ordinary shares and warrants in accordance with the following conditions:

1. Each unit consists of two (2) new ordinary shares, one (1) warrant series TO 15 ("TO 15") and one (1) warrant series TO 16 ("TO 16"). In total, the issue comprises a maximum of 6,281,068,480 ordinary shares, a maximum of 3,140,534,240 TO 15 and a maximum of 3,140,534,240 TO 16.

2. The subscription price per unit shall be SEK 0.04, which corresponds to a subscription price of SEK 0.02 per ordinary share. Any amount exceeding the quota value of the shares shall be added to the free share premium reserve. The warrants are issued free of charge.

3. Subscription of units with preferential rights shall be made by exercise of unit rights. The right to receive unit rights for subscription of units with preferential rights shall vest in those who, on the record date, are registered as shareholders and thereby are allotted unit rights in relation to their shareholding as of the record date.

4. The record date for receipt of unit rights and the right to participate in the issue with preferential rights shall be 2 September 2026.

5. Each existing share entitles to five (5) unit rights and one (1) unit right entitles to subscription of one (1) unit.

6. If not all units are subscribed for by exercise of unit rights, allotment of the remaining units shall be made within the highest amount of the issue:

- i. *firstly*, to those who have subscribed for units by exercise of unit rights (regardless of whether they were shareholders on the record date or not) and who have applied for subscription of units without exercise of unit rights and if allotment to these cannot be made in full, allotment shall be made pro rata in relation to the number of unit rights that each and every one of those, who have applied for subscription of units without exercise of unit rights, have exercised for subscription of units;
- i. *secondly*, to those who have applied for subscription of units without exercise of unit rights and if allotment to these cannot be made in full, allotment shall be made pro rata in relation to the number of units the subscriber in total has applied for subscription of units; and
- i. *thirdly*, to those who have provided guarantee commitments with regard to subscription of units, in proportion to such guarantee commitments.

To the extent that allotment in any section above cannot be done pro rata, allotment shall be determined by drawing of lots.

7. Subscription of units by exercise of unit rights shall be made through cash payment during the period from and including 4 September 2026 up to and including 18 September 2026. Subscription of units through payment means that the subscriber authorizes an issuing agent engaged by the company to execute subscription on a subscription list regarding the number of free-of-charge warrants that the subscribed units consist of.

Subscription of units without exercise of unit rights shall be made on a separate subscription list during the same time period as subscription by exercise of unit rights shall be made. Payment for units subscribed for without exercise of unit rights is to be made no later than the third banking day after notice on the allotment has been sent to the subscriber through promissory note, or, in the case of units subscribed for by guarantors in accordance with an underwriting commitment, no later than the fifth banking day notice on the allotment has been sent to the subscriber through promissory note. The board of directors shall not, however, be prevented from granting set-off pursuant to Chap. 13. Sec. 41 of the Swedish Companies Act (*Sw. aktiebolagslagen* (2005:551)). Subscription can be made by exercise of unit rights on a subscription list for subscribers who wish to receive such set-off.

The board of directors shall have the right to prolong the time period for subscription and payment.

8. In the event that a subscriber subscribes for units that entail that the subscriber's total shareholding exceeds a limit that entails a notification obligation in accordance with the Swedish Screening of Foreign Direct Investments Act (*Sw. lagen* (2023:560) om granskning av utländska direktinvesteringar), allotment shall initially only be made at a level whereby the subscriber is below the said limit, and allotment of an excess part of the subscription shall be conditional upon i) the subscriber fulfilling its notification obligation; and (ii) that the Inspectorate of Strategic Products (*Sw. Inspektionen för strategiska produkter*) makes a decision on the basis of the subscriber's notification to the effect that allotment may take place. Payment for such units shall then be made no later than three banking days after the conditions for allotment have been fulfilled.

9. Subscription can only be made in units and thus not by shares or warrants individually. Allotment may only be made in units. However, after the issue, the ordinary shares and warrants will be separated.

10. The ordinary shares issued in connection with the unit issue convey right to dividends as from the first record date for dividends occurring after the issue resolution.

11. For TO 15 and the exercise of the subscription right, the following terms and conditions inter alia applies:

(a) that one (1) TO 15 entitles the right to acquire one (1) new ordinary share in the company against cash consideration amounting to 70 per cent of the volume weighted average price according to the official price list of Nasdaq Stockholm for ordinary shares in the company during the period from and including 16 December 2026 up to and including 4 January 2027, however not less than the highest of (i) the

quota value of the shares or (ii) SEK 0.01. The subscription price shall be rounded off to the nearest whole öre (SEK 0.01). Any amount exceeding the quota value of the shares shall be added to the free share premium reserve;

(b) that the subscription price and the number of ordinary shares that each TO 15 entitles right to subscribe for may be subject to recalculation in accordance with Clause 8 of the terms and conditions;

(c) that the warrants may be exercised during the period from and including 8 January 2027 up to and including 22 January 2027;

(d) A share issued pursuant to subscription confers right to dividends from the first record date for dividends that occurs following effectuation of the subscription to such extent that the share has been recorded as interim share in the company's share ledger.

12. For TO 16 and the exercise of the subscription right, the following terms and conditions inter alia applies:

(a) that one (1) TO 16 entitles the right to acquire one (1) new ordinary share in the company against cash consideration amounting to 70 per cent of the volume weighted average price according to the official price list of Nasdaq Stockholm for ordinary shares in the company during the period from and including 17 December 2027 up to and including 3 January 2028, however not less than the highest of (i) the quota value of the shares or (ii) SEK 0.01. The subscription price shall be rounded off to the nearest whole öre (SEK 0.01). Any amount exceeding the quota value of the shares shall be added to the free share premium reserve;

(b) that the subscription price and the number of ordinary shares that each TO 16 entitles right to subscribe for may be subject to recalculation in accordance with Clause 8 of the terms and conditions;

(c) that the warrants may be exercised during the period from and including 7 January 2028 up to and including 21 January 2028;

(d) A share issued pursuant to subscription confers right to dividends from the first record date for dividends that occurs following effectuation of the subscription to such extent that the share has been recorded as interim share in the company's share ledger.

13. Upon full subscription of all ordinary shares that are issued in the unit issue, the share capital will increase with a maximum of SEK 31,405,342.40 (based on the quota value of the share after the decrease of the share capital that the board of directors proposes that the meeting resolves on and as set out in item 6 on the agenda).

14. Upon full exercise of all warrants series TO 15 that are issued in the unit issue, the share capital will increase with a maximum of SEK 15,702,671.20 (based on the quota value of the share after the decrease of the share capital that the board of directors proposes that the meeting resolves on and as set out in item 6 on the agenda).

15. Upon full exercise of all warrants series TO 16 that are issued in the unit issue, the share capital will increase with a maximum of SEK 15,702,671.20 (based on the quota value of the share after the decrease of the share capital that the board of directors proposes that the meeting resolves on and as set out in item 6 on the agenda).

The resolution is conditional upon the meeting also resolving in accordance with items 6–7 and 9–10 in the notice.

Item 9: Resolution to authorize the board of directors to issue ordinary shares and warrants to guarantors

In order to enable the issuing of units consisting of ordinary shares and warrants as compensation to those who have entered into guarantee commitments (the “**Guarantors**”) to secure the rights issue of units that was resolved upon by the board of directors on 23 July 2026, and which is proposed to be approved under item 8 on the agenda, the board of directors proposes that the meeting resolves to authorize the board of directors, for the period until the next annual general meeting, on one or several occasions, with deviation from the shareholders’ preferential rights and with or without provisions regarding set-off or other conditions, to resolve on issue of ordinary shares and warrants to the Guarantors.

Upon exercise of the authorization, the terms and conditions for units shall be the same as in the Rights Issue, meaning that each unit shall consist of two (2) ordinary shares, one (1) warrant series TO 15 and one (1) warrant series TO 16, including the subscription price in the Rights Issue.

The purpose of the authorization and the reason for the deviation from the shareholders’ preferential rights is to be able to carry out an issue of units as compensation to the Guarantors. The number of ordinary shares and warrants that may be issued pursuant to the authorization may not exceed the total number of ordinary shares and warrants corresponding to the agreed underwriting fee that the company has to pay to the Guarantors.

The resolution is conditional upon the meeting also resolving in accordance with items 6–8 and 10 in the notice.

Item 10: Resolution to authorize the board of directors to issue warrants

The board of directors proposes that the meeting resolves to authorize the board of directors to, on one occasion during the period until the next annual general meeting, with deviation from the shareholders' preferential rights, resolve to issue warrants. The warrants shall be issued free of charge.

The purpose of the authorization as well as the reasons for the deviation from the shareholders' preferential rights and the warrants being issued free of charge is to enable an issue of warrants to Fenja Capital II A/S ("**Fenja Capital**") as part of the restructuring of the company's existing loan agreement with Fenja Capital as described in the company's press release from 23 July 2026.

The resolution is conditional upon the meeting also resolving in accordance with items 6–9 in the notice.

Notice of extraordinary general meeting in Alligator Bioscience AB

Schedule 3

Resolution on (A) amendment of the Articles of Association; (B) decrease of the share capital to cover loss; and (C) decrease of the share capital for allocation to unrestricted shareholders' equity

The board of directors of Alligator Bioscience AB, Reg. No. 556597-8201, proposes that the extraordinary general meeting on 26 August 2026 resolves on (A) amendment of the Articles of Association; (B) decrease of the share capital to cover loss according to what is set out below; and (C) decrease of the share capital for allocation to unrestricted shareholders' equity, in accordance with what is set out below.

A. Amendment of the Articles of Association

The board of directors proposes that the meeting resolves to amend the company's Articles of Association in accordance with the following:

§ 4 Share capital

Current wording

The share capital of the company shall be no less than SEK 60,000,000 and no more than SEK 240,000,000.

Proposed wording

The share capital of the company shall be no less than SEK 3,000,000 and no more than SEK 12,000,000.

B. Decrease of the share capital to cover loss

The board of directors proposes that the meeting resolves to decrease the share capital with SEK 112,379,938.92 to cover loss and without the redemption of shares. The decrease decreases the share capital from SEK 125,621,369.60 to SEK 13,241,430.68, whereby the share's quota value decreases from SEK 0.20 to approximately SEK 0.02.

C. Decrease of the share capital for allocation to unrestricted shareholders' equity

The board of directors further proposes that the extraordinary general meeting resolves to decrease the share capital by an additional SEK 10,100,896.44 for allocation to unrestricted shareholders' equity, without the redemption of shares. The reason for the board of directors' proposal to decrease the company's share capital under this item C is to improve the ratio between the share capital and unrestricted equity.

As a statement pursuant to Chapter 20, Section 13 of the Swedish Companies Act (2005:551), the board of directors may state the following. The resolution to decrease the company's share capital in accordance with the proposal in this item C may be implemented without authorization from the Swedish Companies Registration Office or a general court, since the

company will simultaneously carry out a rights offering of units, which means that neither the company's restricted equity nor its share capital, will be decreased. The board of directors' proposed resolution to approve the board of director's resolution regarding the rights of units is set forth in item 8 on the agenda for the meeting.

Following the reduction of the share capital in accordance with item B above, the effect of the board of director's proposal regarding the reduction of the share capital under this item C will be that the share capital and restricted equity will decrease by SEK 10,100,896.44 to SEK 3,140,534.24, whereby the quota value of the share will simultaneously decrease from approximately SEK 0.02 to SEK 0.005. If the rights issue is fully subscribed, the share capital and restricted equity will subsequently increase by SEK 31,405,342.40 (based on the new quota value) to SEK 34,545,876.64. Resolution on rights issue of units subject to approval by the extraordinary general meeting

The board of directors of Alligator Bioscience AB, Reg. No. 556597-8201, hereby resolves, subject to approval by the extraordinary general meeting on 26 August 2026, to issue a maximum of 3,140,534,240 units consisting of ordinary shares and warrants in accordance with the following conditions:

1. Each unit consists of two (2) new ordinary shares, one (1) warrant series TO 15 ("**TO 15**") and one (1) warrant series TO 16 ("**TO 16**"). In total, the issue comprises a maximum of 6,281,068,480 ordinary shares, a maximum of 3,140,534,240 TO 15 and a maximum of 3,140,534,240 TO 16.
2. The subscription price per unit shall be SEK 0.04, which corresponds to a subscription price of SEK 0.02 per ordinary share. Any amount exceeding the quota value of the shares shall be added to the free share premium reserve. The warrants are issued free of charge.
3. Subscription of units with preferential rights shall be made by exercise of unit rights. The right to receive unit rights for subscription of units with preferential rights shall vest in those who, on the record date, are registered as shareholders and thereby are allotted unit rights in relation to their shareholding as of the record date.
4. The record date for receipt of unit rights and the right to participate in the issue with preferential rights shall be 2 September 2026.
5. Each existing share entitles to five (5) unit rights and one (1) unit right entitle to subscription of one (1) unit.
6. If not all units are subscribed for by exercise of unit rights, allotment of the remaining units shall be made within the highest amount of the issue:
 - i. *firstly*, to those who have subscribed for units by exercise of unit rights (regardless of whether they were shareholders on the record date or not) and who have applied for subscription of units without exercise of unit rights and if allotment to these cannot be made in full, allotment shall be made pro rata in relation to the number of unit rights that each and every one of those, who have applied for subscription of units without exercise of unit rights, have exercised for subscription of units;
 - ii. *secondly*, to those who have applied for subscription of units without exercise of unit rights and if allotment to these cannot be made in full, allotment shall be made pro rata in relation to the number of units the subscriber in total has applied for subscription of units; and

- iii. *thirdly*, to those who have provided guarantee commitments with regard to subscription of units, in proportion to such guarantee commitments.

To the extent that allotment in any section above cannot be done pro rata, allotment shall be determined by drawing of lots.

- 7. Subscription of units by exercise of unit rights shall be made through cash payment during the period from and including 4 September 2026 up to and including 18 September 2026. Subscription of units through payment means that the subscriber authorizes an issuing agent engaged by the company to execute subscription on a subscription list regarding the number of free-of-charge warrants that the subscribed units consist of.

Subscription of units without exercise of unit rights shall be made on a separate subscription list during the same time period as subscription by exercise of unit rights shall be made. Payment for units subscribed for without exercise of unit rights is to be made no later than the third banking day after notice on the allotment has been sent to the subscriber through promissory note, or, in the case of units subscribed for by guarantors in accordance with an underwriting commitment, no later than the fifth banking day after notice on the allotment has been sent to the subscriber through a promissory note. The board of directors shall not, however, be prevented from granting set-off pursuant to Chap. 13. Sec. 41 of the Swedish Companies Act (Sw. aktiebolagslagen (2005:551)). Subscription can be made by exercise of unit rights on a subscription list for subscribers who wish to receive such set-off.

The board of directors shall have the right to prolong the time period for subscription and payment.

- 8. In the event that a subscriber subscribes for units that entail that the subscriber's total shareholding exceeds a limit that entails a notification obligation in accordance with the Swedish Screening of Foreign Direct Investments Act (Sw. lagen (2023:560) om granskning av utländska direktinvesteringar), allotment shall initially only be made at a level whereby the subscriber is below the said limit, and allotment of an excess part of the subscription shall be conditional upon i) the subscriber fulfilling its notification obligation; and (ii) that the Inspectorate of Strategic Products (Sw. Inspektionen för strategiska produkter) makes a decision on the basis of the subscriber's notification to the effect that allotment may take place. Payment for such units shall then be made no later than three banking days after the conditions for allotment have been fulfilled.
- 9. Subscription can only be made in units and thus not by shares or warrants individually. Allotment may only be made in units. However, after the issue, the ordinary shares and warrants will be separated.
- 10. The ordinary shares issued in connection with the unit issue convey right to dividends as from the first record date for dividends occurring after the issue resolution.

The company undertakes to effectuate subscriptions in accordance with these terms and conditions.

3. Right to subscribe for new shares

One (1) TO 15 entitles the right to acquire one (1) new ordinary share in the company against cash consideration amounting to 70 per cent of the volume weighted average price according to the official price list of Nasdaq Stockholm for ordinary shares in the company during the period from and including 16 December 2026 up to and including 4 January 2027, however not less than the higher of (i) the quotient value of the shares or (ii) SEK 0.01. The subscription price shall be rounded off to the nearest whole öre (SEK 0.01). Any amount exceeding the quotient value of the shares shall be added to the free share premium reserve.

The subscription price as well as the number of shares that each warrant confers right to subscribe for can be subject to adjustment in accordance with the provisions of Clause 8 below. If the application of these provisions should result in a subscription price lower than the higher of (i) the quotient value of the share or (ii) SEK 0.01, the subscription price shall instead equal the highest of (i) the quotient value of the share or (ii) SEK 0.01.

4. Subscription

Subscription may only be made during the period from and including 8 January 2027 up to and including 22 January 2027.

The subscription period can be brought forward or postponed in accordance with the provisions of Clause 8 below.

Subscription may only be made for the whole number of shares that the total number of warrants, which are registered on the same securities account and which are exercised by the same warrant holder at one and the same time, confer the right to subscribe for.

Subscription is made by submitting an application form (subscription list) in the form stipulated and provided by the company or the bank, duly completed and signed, to the company or the bank at the address specified in the application form.

Should such application form (subscription list) not have been received by the company or the bank within the subscription period, the warrants shall lapse.

Subscription is binding and may not be revoked.

5. Payment

Payment for the number of shares for which the subscription relates shall be made simultaneously with the subscription. The payment shall be made in cash to the bank account specified in the application form (subscription list).

6. Effectuation of subscription

Subscription is effected following subscription and payment made in accordance with Clauses 4 and 5 above. Any fractions of warrants that may not be exercised for subscription pursuant to the third paragraph of Clause 4 above will then be disregarded from. Such fractions shall lapse upon subscription.

Subscription is effected through a resolution of the board of directors of the company to allot the new shares to the warrant holder, whereafter the new shares are recorded in the company's share ledger (which is kept by Euroclear) and on the warrant holder's securities account as interim shares. Following completion of registration with the Swedish Companies Registration Office (Sw. Bolagsverket), the recordings of the new shares in the share ledger and on the securities account become final.

As stated in Clause 8 below, subscription may in certain cases be effected only after a certain date, and with the application of a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for.

7. Dividends on new shares

A share issued pursuant to subscription confers right to dividends from the first record date for dividends that occurs following effectuation of the subscription to such extent that the share has been recorded as interim share in the company's share ledger.

8. Recalculation of subscription price and number of shares, etc.

8.1 Bonus issue

If the company effects a bonus issue, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the bonus issue at the latest shall be effected after the resolution on the issue of the shareholders' meeting.

Shares issued pursuant to subscription effected after the issue resolution do not confer right to participate in the bonus issue.

If the bonus issue is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the issue resolution. The recalculations shall be made by the company in accordance with the following formulas:

(recalculated subscription price) = (previous subscription price) x (the number of shares in the company prior to the bonus issue) / (the number of shares in the company after the bonus issue)

(recalculated number of shares that each warrant confers right to subscribe for) = (the previous number of shares that each warrant confers right to subscribe for) x (the number of shares in the company after the bonus issue) / (the number of shares in the company prior to the bonus issue)

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the issue resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the record date of the bonus issue. Prior thereto, such shares are recorded only provisionally in the share ledger and on securities accounts and do not confer right to participate in the bonus issue.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.2 Consolidation or split-up

If the company effects a consolidation or split-up of its shares, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the consolidation or split-up at the latest shall be effected after the resolution on the consolidation or split-up of the shareholders' meeting.

Shares issued pursuant to subscription effected after the consolidation or split-up resolution are not affected by the consolidation or split-up.

If the consolidation or split-up is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the consolidation or split-up resolution. The recalculations shall be made by the company in accordance with the following formulas:

(recalculated subscription price) = (previous subscription price) x (the number of shares in the company prior to the consolidation or split-up) / (the number of shares in the company after the consolidation or split-up)

(recalculated number of shares that each warrant confers right to subscribe for) = (the previous number of shares that each warrant confers right to subscribe for) x (the number of shares in the company after the consolidation or split-up) / (the number of shares in the company prior to the consolidation or split-up)

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the consolidation or split-up resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the consolidation or split-up having been registered with Euroclear. Prior thereto,

such shares are recorded only provisionally in the share ledger and on securities accounts and are not affected by the consolidation or split-up.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.3 New issue of shares

If the company effects a new issue of shares with preferential rights for the shareholders to subscribe for the new shares against cash payment or payment by way of set-off, the following shall apply as regards effectuation of subscription and the right to participate in the issue conferred by shares issued pursuant to subscription:

- (a) If the issue is resolved by the board of directors subject to the approval of the shareholders' meeting or pursuant to prior authorisation by the shareholders' meeting, then the latest date on which subscription shall have been effected in order for a share issued pursuant to subscription to confer right to participate in the issue shall be stated in the issue resolution. Such date may not fall earlier than on the tenth calendar day after public disclosure of the board of directors' issue resolution. Subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the said date at the latest shall be effected after that date.

Shares issued pursuant to subscription effected after the above-mentioned date do not confer right to participate in the new issue.

- (b) If the issue is resolved by the shareholders' meeting, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the issue at the latest shall be effected after the resolution on the issue of the shareholders' meeting.

Shares issued pursuant to subscription effected after the issue resolution do not confer right to participate in the new issue.

If the new issue is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to participate in the new issue. The recalculations shall be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the subscription period fixed pursuant to the issue resolution ("the average share price")}) / ((\text{the average share price}) + (\text{the theoretical value of the subscription right ("the value of the subscription right")}))$$
$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average price of the share}) + (\text{the value of the subscription right})) / (\text{the average share price})$$

The average share price shall be deemed to equal the average of the mean of the highest and lowest prices paid for the share each trading day during the subscription period fixed pursuant to the issue resolution according to the exchange list on which the share is primarily quoted. In the absence of

quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

The value of the subscription right shall be calculated in accordance with the following formula, provided that the value of the subscription right shall be deemed to be zero if the resulting value is negative:

$$(the\ value\ of\ the\ subscription\ right) = (the\ maximum\ number\ of\ new\ shares\ that\ can\ be\ issued\ according\ to\ the\ issue\ resolution) \times ((the\ average\ share\ price) - (the\ subscription\ price\ for\ each\ new\ share)) / (the\ number\ of\ shares\ in\ the\ company\ prior\ to\ the\ new\ issue)$$

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the subscription period fixed pursuant to the issue resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the issue.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.4 Issue of warrants or convertibles

If the company effects an issue of warrants (share options) or convertibles with preferential rights for the shareholders to subscribe for such warrants or convertibles against cash payment or payment by way of set-off or, as regards warrants, without payment, the provisions of (a) and (b) of the first paragraph of Clause 8.3 shall apply analogously as regards effectuation of subscription and the right to participate in the issue conferred by shares issued pursuant to subscription.

If the issue is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to participate in the issue. The recalculations shall be made by the company in accordance with the following formulas:

$$(recalculated\ subscription\ price) = (previous\ subscription\ price) \times (the\ average\ market\ price\ of\ the\ share\ during\ the\ subscription\ period\ fixed\ pursuant\ to\ the\ issue\ resolution\ ("the\ average\ share\ price")) / ((the\ average\ share\ price) + (the\ theoretical\ value\ of\ the\ subscription\ right\ ("the\ value\ of\ the\ subscription\ right")))$$
$$(recalculated\ number\ of\ shares\ that\ each\ warrant\ confers\ right\ to\ subscribe\ for) = (the\ previous\ number\ of\ shares\ that\ each\ warrant\ confers\ right\ to\ subscribe\ for) \times ((the\ average\ share\ price) + (the\ value\ of\ the\ subscription\ right)) / (the\ average\ share\ price)$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

If the subscription right is subject to market quotation, the value of the subscription right shall be deemed to equal the average of the mean of the highest and lowest prices paid for the subscription

right each trading day during the subscription period fixed pursuant to the issue resolution according to the exchange list on which the subscription right is primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

If the subscription right is not subject to market quotation, the value of the subscription right shall be determined based upon the change in the market value of the company's shares which may be deemed to have occurred as a consequence of the issue.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the subscription period fixed pursuant to the issue resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the issue.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.5 Certain other offers to the shareholders

If the company in other cases than those contemplated by Clauses 8.1–8.4 above (i) effects an offer to the shareholders, with preferential rights for the shareholders according to the principles of Chap. 13 Sec. 1 paragraph 1 of the Companies Act, to purchase any securities or rights from the company, or (ii) distributes to the shareholders, pursuant to such preferential right, any such securities or rights, (in both cases “the offer”), the provisions of (a) and (b) of the first paragraph of Clause 8.3 shall apply analogously as regards effectuation of subscription and the right to participate in the offer conferred by shares issued pursuant to subscription.

If the offer is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to participate in the offer. The recalculations shall be made by the company in accordance with the following formulas:

(recalculated subscription price) = (previous subscription price) x (the average market price of the share during the acceptance period of the offer or, in case of distribution, during the period of 25 trading days starting on the day on which the share is quoted without right to any part of the distribution (“the average share price”)) / ((the average share price) + (the theoretical value of the right to participate in the offer (“the value of the purchase right”)))

(recalculated number of shares that each warrant confers right to subscribe for) = (the previous number of shares that each warrant confers right to subscribe for) x ((the average share price) + (the value of the purchase right)) / (the average share price)

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

If the shareholders receive purchase rights and these are subject to market quotation, the value of the purchase right shall be deemed to equal the average of the mean of the highest and lowest prices paid for the purchase right each trading day during the acceptance period of the offer according to the exchange list on which the purchase right is primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

If the shareholders do not receive any purchase rights, or if the purchase rights are not subject to market quotation, but the securities or rights being the subject of the offer either are already subject to market quotation or become subject to market quotation in connection with the offer, the value of the purchase right shall be deemed to equal (i) if the securities or rights are already subject to market quotation, the average of the mean of the highest and lowest prices paid for such security or right each trading day during the acceptance period of the offer or, in case of distribution, during the period of 25 trading days starting on the day on which the share is quoted without right to any part of the distribution according to the exchange list on which the security or right is primarily quoted, less any consideration payable for them in connection with the offer, or (ii) if the securities or rights become subject to market quotation in connection with the offer, the average of the mean of the highest and lowest prices paid for such security or right each trading day during the period of 25 trading days starting on the first day of such market quotation according to the exchange list on which the security or right is primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation. When the value of the purchase right shall be determined pursuant to (ii) of this paragraph, then in the recalculation of the subscription price and the number of shares that each warrant confers right to subscribe for in accordance with the above formulas the average share price shall relate to the 25-trading day period mentioned in (ii) of this paragraph instead of the period mentioned in the above formulas.

If the shareholders do not receive any purchase rights, or if the purchase rights are not subject to market quotation, and the securities or rights being the subject of the offer neither already are subject to market quotation nor become subject to market quotation in connection with the offer, the value of the purchase right shall to the extent possible be determined based upon the change in the market value of the company's shares which may be deemed to have occurred as a consequence of the offer.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the period during which the average share price shall be calculated for the above recalculations at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the offer.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.6 Equal treatment of warrant holders and shareholders

If the company effects a measure contemplated by Clauses 8.3–8.5 above, the company may, in its sole discretion, offer all the warrant holders the same preferential right as the shareholders to participate in the issue as offer. In such a case, notwithstanding that subscription has not been made or effected, each warrant holder shall be deemed to be the owner of such number of shares as the warrant holder would have received if subscription would have been made and effected according to the subscription price and the number of shares that each warrant confers right to subscribe for that would have applied if subscription would have been effected at such date, that shares issued pursuant to such subscription would have conferred right to participate in the relevant issue or offer.

If the company offers the warrant holders preferential right according to the previous paragraph, no recalculation of the subscription price or the number of share that each warrant confers right to subscribe for shall be made pursuant to Clauses 8.3- 8.5 above or Clause 8.9 below in connection with the issue or offer.

8.7 Extraordinary dividends

If the company pays cash dividends to the shareholders with an amount per share that, together with other cash dividends paid during the same financial year, exceeds fifteen per cent of the average market price for the share during a period of 25 trading days immediately prior to the day when the board of directors of the company announces its intention to propose such dividends to the shareholders' meeting (which average market price shall be calculated in accordance with the provisions in Clause 8.3 above), subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the dividends at the latest shall be effected after the resolution on the dividends of the shareholders' meeting.

Shares issued pursuant to subscription effected after the dividend resolution do not confer right to receive any part of the dividend.

If the payment of the dividends is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to receive any part of the dividends. The recalculations shall be based on the part of the aggregate cash dividends per share that exceeds fifteen per cent of the company's average market price during the above mentioned period (the "extraordinary dividend") and be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the period of 25 trading days starting on the day on which the share is quoted without dividend ("the average share price")}) / ((\text{the average share price}) + (\text{the extraordinary dividend paid per share}))$$
$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average share price}) + (\text{the extraordinary dividend paid per share})) / (\text{the average share price})$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the above-mentioned 25-trading day period at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the offer.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.8 Reduction of the share capital etc.

If the company effects a reduction of its share capital with repayment to the shareholders (with or without redemption of shares), and such reduction is compulsory, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the reduction at the latest shall be effected only after the resolution on the reduction of the shareholders' meeting.

Shares issued pursuant to subscription effected after the reduction resolution do not confer right to receive any part of the repayment and are not affected by the redemption (if any).

If the reduction is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the reduction resolution. The recalculations shall be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the period of 25 trading days starting on the day on which the share is quoted without right to repayment ("the average share price")}) / ((\text{the average share price}) + (\text{the actual amount repaid per share}))$$

$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average share price}) + (\text{the actual amount repaid per share})) / (\text{the average share price})$$

If the reduction is carried out through redemption of shares, then instead of using the actual amount repaid per share in the above-mentioned recalculation of the subscription price and the number of shares each warrant confers right to subscribe for, a calculated amount repaid per share determined as follows shall be applied:

$$(\text{calculated amount repaid per share}) = ((\text{the actual amount repaid per share}) - (\text{the average market price of the share during the period of 25 trading days immediately preceding the day on which the share is quoted without right to participate in the reduction ("the average share price")})) / ((\text{the number of shares in the company which entitle to the reduction of one share}) - 1)$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the latest 25-trading days period applicable for the above recalculations to occur at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to receive any amount of the repayment nor affected by the redemption (if any).

If the company effects (i) a reduction of its share capital with repayment to the shareholders through redemption of shares, and such reduction is not compulsory, or (ii) a re-purchase of shares in the company (without effecting a reduction of its share capital), and where, in the opinion of the company, such reduction or re-purchase due to its technical structure and financial effects is equivalent to a compulsory reduction, the above provisions in this Clause 8.8 shall apply and a recalculation of the subscription price and the number of shares to which each warrant confers right to subscribe for shall be made, to the extent possible, in accordance with the principles set forth in this Clause 8.8.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.9 Recalculations if the company's shares are not subject to market quotation

8.9.1 If the company effects a measure contemplated by Clauses 8.3–8.5 or 8.8 above or Clause 8.14 below and none of the company's shares are subject to market quotation at the time of such measure, the said provisions shall apply, provided that the recalculation of the subscription price and number of shares that each warrant confers right to subscribe for shall be made by the company, to the extent possible, in accordance with the principles set forth in such Clause 8.3–8.5 or 8.8 above or Clause 8.14 below as is applicable and based on the assumption that the value of the warrants shall be left unchanged.

8.9.2 In case none of the company's shares are subject to market quotation, the following shall apply instead of the corresponding provisions in Clause 8.7 above. If the company pays cash dividends to the shareholders with an amount per share that, together with other cash dividends paid during the same financial year, exceeds 50 per cent of the company's profits after tax according to established profit and loss accounts or, as applicable, consolidated profit and loss accounts, for the financial year immediately preceding the year in which the dividend is resolved, subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the dividends at the latest shall be effected after the resolution on the dividends of the shareholders' meeting.

Shares issued pursuant to subscription effected after the dividend resolution do not confer right to receive any part of the dividend.

If the payment of the dividends is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to receive

any part of the dividends. The recalculations shall be based on the part of the aggregate cash dividends per share that exceeds 50 per cent of the company's above mentioned profits after tax (the "extraordinary dividend") and shall be made by the company, to the extent possible, in accordance with the principles set forth in such Clause 8.7 above and based on the assumption that the value of the warrants shall be left unchanged.

- 8.9.3 If the company's shares are listed on a regulated market or trading platform other than Nasdaq Stockholm, references to Nasdaq Stockholm in these terms and conditions shall instead refer to such other regulated market or trading platform.

8.10 Alternative recalculation method

If the company effects any measure contemplated by Clauses 8.1– 8.5 or 8.7 - 8.8 above or Clause 8.14 below and if, in the company's opinion, application of the recalculation formulas established for such measure, taking into account the technical framework of such measure or other reasons, could not be made or would result in the warrant holders receiving, in relation to the shareholders, economic compensation that is not reasonable, the company shall make the recalculation of the subscription price and the number of shares to which each warrant confers right to subscribe for in such a manner as the company determines is appropriate to ensure that the recalculation gives a reasonable result.

8.11 Rounding off

In the recalculation of the subscription price and the number of shares that each warrant confers right to subscribe for in accordance with this Clause 8, the subscription price shall be rounded off to the nearest öre (SEK 0.01) where any SEK 0.05 shall be rounded upwards, and the number of shares shall be rounded off upwards to four decimals.

8.12 Compulsory acquisition

If shares in the company become subject to compulsory acquisition proceedings, the right to subscribe and to have subscription effected is regulated by the provisions of Chap. 22 of the Companies Act.

8.13 Merger

If (i) the shareholders' meeting resolves to approve a merger plan pursuant to which the company shall dissolve into another company or (ii) the board of directors of the company resolves that the company shall dissolve into its parent company, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscriptions ceases with the resolution of the shareholders' meeting or with the resolution of the board of directors, as applicable.

If the merger is not carried through, subscription may again be made and effected in accordance with these terms and conditions.

No later than 60 calendar days prior to the shareholders' meeting to consider the approval of a merger plan or the board meeting to consider the company's dissolution into its parent company, as appropriate, the warrant holders shall be notified of the contemplated merger. The notice shall contain a reminder of that no subscription may be made or effected after that the shareholders' meeting having resolved to approve the merger plan or the board of directors having resolved that the company shall dissolve into its parent company, as appropriate, and also a reminder of that the subscription period is brought forward in accordance with the first paragraph below.

Notwithstanding the provisions in Clause 4 above concerning subscription period, the warrant holders have the right to subscribe and to have subscriptions effected from the date of the notice referred to in the previous paragraph, provided that such subscription can be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger no later than the day before the shareholders' meeting to consider the approval of the merger plan or the board meeting to consider the company's dissolution into its parent company, as appropriate.

8.14 De-merger

- 8.14.1 If the shareholders' meeting resolves to approve a de-merger plan pursuant to which the company shall be divided through transfer of only certain of the company's assets and liabilities to one or several other companies, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the approval of the de-merger plan at the latest shall be effected after the resolution on the approval of the de-merger plan of the shareholders' meeting.

Shares issued pursuant to subscription effected after the resolution on the approval of the de-merger plan do not confer right to receive any part of the de-merger contribution.

If the de-merger plan is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the resolution on the approval of the de-merger plan. The recalculations shall be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the period of 25 trading days starting on the day on which the share is quoted without right to de-merger consideration ("the average share price")}) / ((\text{the average share price}) + (\text{the value of the de-merger consideration paid per share}))$$

$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average share price}) + (\text{the value of the de-merger consideration paid per share})) / (\text{the average share price})$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3above.

To the extent the de-merger consideration consists of shares or other securities that are subject to market quotation in connection with the de-merger, the value of the de-merger consideration shall be deemed to equal the average of the mean of the highest and lowest prices paid for such shares or other securities each trading day during the above-mentioned 25-trading day period according to the exchange list on which such shares or others securities are primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

To the extent the de-merger consideration consists of shares or other securities that are not subject to market quotation, but such shares or other securities become subject to market quotation in connection with the de-merger, the value of the de-merger consideration shall be deemed to equal the average of the mean of the highest and lowest prices paid for such shares or other security each trading day during the 25-trading day period starting on the first day of such market quotation according to the exchange list on which the share or other security is primarily quoted. In the

absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation. When the value of any portion of the de-merger consideration shall be determined pursuant to this paragraph, then in the recalculation of the subscription price and the number of shares that each warrant confers right to subscribe for in accordance with the above formulas the average share price shall relate to the 25-trading day period mentioned in this paragraph instead of the period mentioned in the above formulas.

To the extent the de-merger consideration consists of shares or other securities that are not subject to market quotation, and these shares or other securities do not become subject to market quotation in connection with the de-merger, the value of the de-merger consideration shall to the extent possible be determined based upon the change in the market value of the company's shares which, according to an independent valuer retained by the company, may be deemed to have occurred as a consequence of the de-merger.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the 25-trading day period during which the average market price of the share shall be calculated for the above recalculations at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to receive any part of the de-merger consideration.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

- 8.14.2 If the shareholders' meeting resolves to approve a de-merger plan pursuant to which the company shall be divided through transfer of all of the company's assets and liabilities to two or more other companies, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscriptions ceases with the resolution of the shareholders' meeting.

If the de-merger is not carried through, subscription may again be made and effected in accordance with these terms and conditions.

No later than 60 calendar days prior to the shareholders' meeting to consider the approval of a de-merger plan, the warrant holders shall be notified of the contemplated de-merger. The notice shall contain a reminder of that no subscription may be made or effected after that the shareholders' meeting having resolved to approve the de-merger plan and also a reminder of that the subscription period is brought forward in accordance with the first paragraph below.

Notwithstanding the provisions in Clause 4 above concerning subscription period, the warrant holders have the right to subscribe and to have subscription effected from the date of the above-mentioned notice, provided that such subscription can be effected to such extent that shares issued

pursuant to the subscription can be re-corded as interim shares in the company's share ledger no later than the day before the shareholders' meeting to consider the approval of the de-merger plan.

8.15 Winding-up

If it is resolved that the company shall be wound-up, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscription ceases with the winding-up resolution, regardless of the grounds for the resolution and whether the same shall have gained legal force.

If the winding-up is not carried through, subscription may again be made and effected in accordance with these terms and conditions.

No later than 30 calendar days prior to the shareholders' meeting to consider a voluntary winding-up pursuant to Chap. 25 Sec. 1 of the Companies Act, the warrant holders shall be notified of the contemplated winding-up. The notice shall contain a reminder of that no subscription may be made or effected after that the shareholders' meeting having resolved that the company shall be wound-up and also a reminder of that the subscription period is brought forward in accordance with the first paragraph below.

Notwithstanding the provisions in Clause 4 above concerning subscription period, the warrant holders have the right to subscribe and to have subscriptions effected from the date of the above-mentioned notice, provided that such subscription can be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger no later than the day before the shareholders' meeting to consider the winding-up.

8.16 Bankruptcy

If a court of law declares the company bankrupt, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscription ceases with the bankruptcy order, regardless of the grounds for the order and whether the same shall have gained legal force.

If the bankruptcy order is revoked, subscription may again be made and effected in accordance with these terms and conditions.

9. Special covenant of the company

The company undertakes not to take any measure contemplated by Clause 8 above that would result in a recalculated subscription price lower than the quotient value at that time of the then outstanding shares.

10. Nominee

If a warrant is registered with a nominee pursuant to Chap. 5 Sec. 14 of the Companies Act, such nominee shall be regarded as the warrant holder upon application of these terms and conditions.

11. Notices

Notices concerning the warrants shall be sent by regular mail to each warrant holder and any other rights holder registered for warrants at the securities account or be publically announced by the company through press release.

12. Variation

The company shall be entitled to vary these terms and conditions to the extent required by legislation, decisions of courts of law or authorities, or if it otherwise, in the opinion of the company, is deemed necessary or expedient for practical reasons and provided that the rights of the warrant holders are in no way prejudiced. The warrant holders shall, without undue delay, be notified of the resolved changes.

13. Confidentiality

None of the company, the bank and Euroclear may without necessary authorisation disclose information regarding the warrant holders to any third party.

The company is entitled to transparency in securities register at Euroclear regarding the warrants, whereas i.a. it is stated who is registered for warrants, personal or other identification number, postal address and the number of warrants.

14. Limitation of liability

With respect to the actions incumbent on the company, the bank or Euroclear, none of the company, the bank and Euroclear – in the case of Euroclear, subject to the provisions of the Swedish Act on Account Keeping of Financial Instruments – shall be held liable for damage arising as a result of Swedish or foreign legislation, any action of a Swedish or foreign authority, acts of war, strikes, blockades, boycotts, lockouts, or similar circumstances. The exemption in respect of strikes, blockades, boycotts and lockouts applies also in cases where the company, the bank or Euroclear itself takes or is the subject of such measure or conflict.

Nor shall the company, the bank or Euroclear be liable for damage arising in other cases if the company, the bank or Euroclear, as appropriate, has exercised normal caution. In addition, under no circumstances shall the company or the bank be held liable for any indirect damage.

If the company, the bank or Euroclear is hindered from taking any measure due to a circumstance referred to in the first paragraph, the taking of such measure may be postponed until such hinder no longer exists.

15. Language

In the event of any discrepancy between the English and Swedish language versions of these terms and conditions, the Swedish language version shall prevail.

16. Dispute resolution and applicable law

Any dispute, controversy or claim arising out of or in connection with these terms and conditions, or any legal issues relating thereto, shall be settled by the ordinary courts of Sweden with the District Court of Lund (Sw. Lunds tingsrätt) as the court of first instance.

These terms and conditions and thereto related legal issues shall be governed by and construed in accordance with Swedish law.

Subscription may only be made during the period from and including 7 January 2028 up to and including 21 January 2028.

The subscription period can be brought forward or postponed in accordance with the provisions of Clause 8 below.

Subscription may only be made for the whole number of shares that the total number of warrants, which are registered on the same securities account and which are exercised by the same warrant holder at one and the same time, confer the right to subscribe for.

Subscription is made by submitting an application form (subscription list) in the form stipulated and provided by the company or the bank, duly completed and signed, to the company or the bank at the address specified in the application form.

Should such application form (subscription list) not have been received by the company or the bank within the subscription period, the warrants shall lapse.

Subscription is binding and may not be revoked.

5. Payment

Payment for the number of shares for which the subscription relates shall be made simultaneously with the subscription. The payment shall be made in cash to the bank account specified in the application form (subscription list).

6. Effectuation of subscription

Subscription is effected following subscription and payment made in accordance with Clauses 4 and 5 above. Any fractions of warrants that may not be exercised for subscription pursuant to the third paragraph of Clause 4 above will then be disregarded from. Such fractions shall lapse upon subscription.

Subscription is effected through a resolution of the board of directors of the company to allot the new shares to the warrant holder, whereafter the new shares are recorded in the company's share ledger (which is kept by Euroclear) and on the warrant holder's securities account as interim shares. Following completion of registration with the Swedish Companies Registration Office (Sw. Bolagsverket), the recordings of the new shares in the share ledger and on the securities account become final.

As stated in Clause 8 below, subscription may in certain cases be effected only after a certain date, and with the application of a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for.

7. Dividends on new shares

A share issued pursuant to subscription confers right to dividends from the first record date for dividends that occurs following effectuation of the subscription to such extent that the share has been recorded as interim share in the company's share ledger.

8. Recalculation of subscription price and number of shares, etc.

8.1 Bonus issue

If the company effects a bonus issue, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the bonus issue at the latest shall be effected after the resolution on the issue of the shareholders' meeting.

Shares issued pursuant to subscription effected after the issue resolution do not confer right to participate in the bonus issue.

If the bonus issue is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the issue resolution. The recalculations shall be made by the company in accordance with the following formulas:

$$\begin{aligned} (\text{recalculated subscription price}) &= (\text{previous subscription price}) \times (\text{the number of shares in the company prior to the bonus issue}) / (\text{the number of shares in the company after the bonus issue}) \\ (\text{recalculated number of shares that each warrant confers right to subscribe for}) &= (\text{the previous number of shares that each warrant confers right to subscribe for}) \times (\text{the number of shares in the company after the bonus issue}) / (\text{the number of shares in the company prior to the bonus issue}) \end{aligned}$$

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the issue resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the record date of the bonus issue. Prior thereto, such shares are recorded only provisionally in the share ledger and on securities accounts and do not confer right to participate in the bonus issue.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.2 Consolidation or split-up

If the company effects a consolidation or split-up of its shares, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the consolidation or split-up at the latest shall be effected after the resolution on the consolidation or split-up of the shareholders' meeting.

Shares issued pursuant to subscription effected after the consolidation or split-up resolution are not affected by the consolidation or split-up.

If the consolidation or split-up is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the consolidation or split-up resolution. The recalculations shall be made by the company in accordance with the following formulas:

$$\begin{aligned} (\text{recalculated subscription price}) &= (\text{previous subscription price}) \times (\text{the number of shares in the company prior to the consolidation or split-up}) / (\text{the number of shares in the company after the consolidation or split-up}) \\ (\text{recalculated number of shares that each warrant confers right to subscribe for}) &= (\text{the previous number of shares that each warrant confers right to subscribe for}) \times (\text{the number of shares in the company after the consolidation or split-up}) / (\text{the number of shares in the company prior to the consolidation or split-up}) \end{aligned}$$

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the consolidation or split-up resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the consolidation or split-up having been registered with Euroclear. Prior thereto,

such shares are recorded only provisionally in the share ledger and on securities accounts and are not affected by the consolidation or split-up.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.3 New issue of shares

If the company effects a new issue of shares with preferential rights for the shareholders to subscribe for the new shares against cash payment or payment by way of set-off, the following shall apply as regards effectuation of subscription and the right to participate in the issue conferred by shares issued pursuant to subscription:

- (a) If the issue is resolved by the board of directors subject to the approval of the shareholders' meeting or pursuant to prior authorisation by the shareholders' meeting, then the latest date on which subscription shall have been effected in order for a share issued pursuant to subscription to confer right to participate in the issue shall be stated in the issue resolution. Such date may not fall earlier than on the tenth calendar day after public disclosure of the board of directors' issue resolution. Subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the said date at the latest shall be effected after that date.

Shares issued pursuant to subscription effected after the above-mentioned date do not confer right to participate in the new issue.

- (b) If the issue is resolved by the shareholders' meeting, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the issue at the latest shall be effected after the resolution on the issue of the shareholders' meeting.

Shares issued pursuant to subscription effected after the issue resolution do not confer right to participate in the new issue.

If the new issue is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to participate in the new issue. The recalculations shall be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the subscription period fixed pursuant to the issue resolution ("the average share price")}) / ((\text{the average share price}) + (\text{the theoretical value of the subscription right ("the value of the subscription right")}))$$
$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average price of the share}) + (\text{the value of the subscription right})) / (\text{the average share price})$$

The average share price shall be deemed to equal the average of the mean of the highest and lowest prices paid for the share each trading day during the subscription period fixed pursuant to the issue resolution according to the exchange list on which the share is primarily quoted. In the absence of

quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

The value of the subscription right shall be calculated in accordance with the following formula, provided that the value of the subscription right shall be deemed to be zero if the resulting value is negative:

$$(the\ value\ of\ the\ subscription\ right) = (the\ maximum\ number\ of\ new\ shares\ that\ can\ be\ issued\ according\ to\ the\ issue\ resolution) \times ((the\ average\ share\ price) - (the\ subscription\ price\ for\ each\ new\ share)) / (the\ number\ of\ shares\ in\ the\ company\ prior\ to\ the\ new\ issue)$$

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the subscription period fixed pursuant to the issue resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the issue.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.4 Issue of warrants or convertibles

If the company effects an issue of warrants (share options) or convertibles with preferential rights for the shareholders to subscribe for such warrants or convertibles against cash payment or payment by way of set-off or, as regards warrants, without payment, the provisions of (a) and (b) of the first paragraph of Clause 8.3 shall apply analogously as regards effectuation of subscription and the right to participate in the issue conferred by shares issued pursuant to subscription.

If the issue is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to participate in the issue. The recalculations shall be made by the company in accordance with the following formulas:

$$(recalculated\ subscription\ price) = (previous\ subscription\ price) \times (the\ average\ market\ price\ of\ the\ share\ during\ the\ subscription\ period\ fixed\ pursuant\ to\ the\ issue\ resolution\ ("the\ average\ share\ price")) / ((the\ average\ share\ price) + (the\ theoretical\ value\ of\ the\ subscription\ right\ ("the\ value\ of\ the\ subscription\ right")))$$
$$(recalculated\ number\ of\ shares\ that\ each\ warrant\ confers\ right\ to\ subscribe\ for) = (the\ previous\ number\ of\ shares\ that\ each\ warrant\ confers\ right\ to\ subscribe\ for) \times ((the\ average\ share\ price) + (the\ value\ of\ the\ subscription\ right)) / (the\ average\ share\ price)$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

If the subscription right is subject to market quotation, the value of the subscription right shall be deemed to equal the average of the mean of the highest and lowest prices paid for the subscription

right each trading day during the subscription period fixed pursuant to the issue resolution according to the exchange list on which the subscription right is primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

If the subscription right is not subject to market quotation, the value of the subscription right shall be determined based upon the change in the market value of the company's shares which may be deemed to have occurred as a consequence of the issue.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the subscription period fixed pursuant to the issue resolution at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the issue.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.5 Certain other offers to the shareholders

If the company in other cases than those contemplated by Clauses 8.1–8.4 above (i) effects an offer to the shareholders, with preferential rights for the shareholders according to the principles of Chap. 13 Sec. 1 paragraph 1 of the Companies Act, to purchase any securities or rights from the company, or (ii) distributes to the shareholders, pursuant to such preferential right, any such securities or rights, (in both cases “the offer”), the provisions of (a) and (b) of the first paragraph of Clause 8.3 shall apply analogously as regards effectuation of subscription and the right to participate in the offer conferred by shares issued pursuant to subscription.

If the offer is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to participate in the offer. The recalculations shall be made by the company in accordance with the following formulas:

(recalculated subscription price) = (previous subscription price) x (the average market price of the share during the acceptance period of the offer or, in case of distribution, during the period of 25 trading days starting on the day on which the share is quoted without right to any part of the distribution (“the average share price”)) / ((the average share price) + (the theoretical value of the right to participate in the offer (“the value of the purchase right”)))

(recalculated number of shares that each warrant confers right to subscribe for) = (the previous number of shares that each warrant confers right to subscribe for) x ((the average share price) + (the value of the purchase right)) / (the average share price)

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

If the shareholders receive purchase rights and these are subject to market quotation, the value of the purchase right shall be deemed to equal the average of the mean of the highest and lowest prices paid for the purchase right each trading day during the acceptance period of the offer according to the exchange list on which the purchase right is primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

If the shareholders do not receive any purchase rights, or if the purchase rights are not subject to market quotation, but the securities or rights being the subject of the offer either are already subject to market quotation or become subject to market quotation in connection with the offer, the value of the purchase right shall be deemed to equal (i) if the securities or rights are already subject to market quotation, the average of the mean of the highest and lowest prices paid for such security or right each trading day during the acceptance period of the offer or, in case of distribution, during the period of 25 trading days starting on the day on which the share is quoted without right to any part of the distribution according to the exchange list on which the security or right is primarily quoted, less any consideration payable for them in connection with the offer, or (ii) if the securities or rights become subject to market quotation in connection with the offer, the average of the mean of the highest and lowest prices paid for such security or right each trading day during the period of 25 trading days starting on the first day of such market quotation according to the exchange list on which the security or right is primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation. When the value of the purchase right shall be determined pursuant to (ii) of this paragraph, then in the recalculation of the subscription price and the number of shares that each warrant confers right to subscribe for in accordance with the above formulas the average share price shall relate to the 25-trading day period mentioned in (ii) of this paragraph instead of the period mentioned in the above formulas.

If the shareholders do not receive any purchase rights, or if the purchase rights are not subject to market quotation, and the securities or rights being the subject of the offer neither already are subject to market quotation nor become subject to market quotation in connection with the offer, the value of the purchase right shall to the extent possible be determined based upon the change in the market value of the company's shares which may be deemed to have occurred as a consequence of the offer.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the period during which the average share price shall be calculated for the above recalculations at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the offer.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.6 Equal treatment of warrant holders and shareholders

If the company effects a measure contemplated by Clauses 8.3–8.5 above, the company may, in its sole discretion, offer all the warrant holders the same preferential right as the shareholders to participate in the issue as offer. In such a case, notwithstanding that subscription has not been made or effected, each warrant holder shall be deemed to be the owner of such number of shares as the warrant holder would have received if subscription would have been made and effected according to the subscription price and the number of shares that each warrant confers right to subscribe for that would have applied if subscription would have been effected at such date, that shares issued pursuant to such subscription would have conferred right to participate in the relevant issue or offer.

If the company offers the warrant holders preferential right according to the previous paragraph, no recalculation of the subscription price or the number of share that each warrant confers right to subscribe for shall be made pursuant to Clauses 8.3- 8.5 above or Clause 8.9 below in connection with the issue or offer.

8.7 Extraordinary dividends

If the company pays cash dividends to the shareholders with an amount per share that, together with other cash dividends paid during the same financial year, exceeds fifteen per cent of the average market price for the share during a period of 25 trading days immediately prior to the day when the board of directors of the company announces its intention to propose such dividends to the shareholders' meeting (which average market price shall be calculated in accordance with the provisions in Clause 8.3 above), subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the dividends at the latest shall be effected after the resolution on the dividends of the shareholders' meeting.

Shares issued pursuant to subscription effected after the dividend resolution do not confer right to receive any part of the dividend.

If the payment of the dividends is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to receive any part of the dividends. The recalculations shall be based on the part of the aggregate cash dividends per share that exceeds fifteen per cent of the company's average market price during the above mentioned period (the "extraordinary dividend") and be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the period of 25 trading days starting on the day on which the share is quoted without dividend ("the average share price")}) / ((\text{the average share price}) + (\text{the extraordinary dividend paid per share}))$$
$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average share price}) + (\text{the extraordinary dividend paid per share})) / (\text{the average share price})$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the above-mentioned 25-trading day period at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to participate in the offer.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.8 Reduction of the share capital etc.

If the company effects a reduction of its share capital with repayment to the shareholders (with or without redemption of shares), and such reduction is compulsory, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the reduction at the latest shall be effected only after the resolution on the reduction of the shareholders' meeting.

Shares issued pursuant to subscription effected after the reduction resolution do not confer right to receive any part of the repayment and are not affected by the redemption (if any).

If the reduction is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the reduction resolution. The recalculations shall be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the period of 25 trading days starting on the day on which the share is quoted without right to repayment ("the average share price")}) / ((\text{the average share price}) + (\text{the actual amount repaid per share}))$$

$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average share price}) + (\text{the actual amount repaid per share})) / (\text{the average share price})$$

If the reduction is carried out through redemption of shares, then instead of using the actual amount repaid per share in the above-mentioned recalculation of the subscription price and the number of shares each warrant confers right to subscribe for, a calculated amount repaid per share determined as follows shall be applied:

$$(\text{calculated amount repaid per share}) = ((\text{the actual amount repaid per share}) - (\text{the average market price of the share during the period of 25 trading days immediately preceding the day on which the share is quoted without right to participate in the reduction ("the average share price")})) / ((\text{the number of shares in the company which entitle to the reduction of one share}) - 1)$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3 above.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the latest 25-trading days period applicable for the above recalculations to occur at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to receive any amount of the repayment nor affected by the redemption (if any).

If the company effects (i) a reduction of its share capital with repayment to the shareholders through redemption of shares, and such reduction is not compulsory, or (ii) a re-purchase of shares in the company (without effecting a reduction of its share capital), and where, in the opinion of the company, such reduction or re-purchase due to its technical structure and financial effects is equivalent to a compulsory reduction, the above provisions in this Clause 8.8 shall apply and a recalculation of the subscription price and the number of shares to which each warrant confers right to subscribe for shall be made, to the extent possible, in accordance with the principles set forth in this Clause 8.8.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

8.9 Recalculations if the company's shares are not subject to market quotation

8.9.1 If the company effects a measure contemplated by Clauses 8.3–8.5 or 8.8 above or Clause 8.14 below and none of the company's shares are subject to market quotation at the time of such measure, the said provisions shall apply, provided that the recalculation of the subscription price and number of shares that each warrant confers right to subscribe for shall be made by the company, to the extent possible, in accordance with the principles set forth in such Clause 8.3–8.5 or 8.8 above or Clause 8.14 below as is applicable and based on the assumption that the value of the warrants shall be left unchanged.

8.9.2 In case none of the company's shares are subject to market quotation, the following shall apply instead of the corresponding provisions in Clause 8.7 above. If the company pays cash dividends to the shareholders with an amount per share that, together with other cash dividends paid during the same financial year, exceeds 50 per cent of the company's profits after tax according to established profit and loss accounts or, as applicable, consolidated profit and loss accounts, for the financial year immediately preceding the year in which the dividend is resolved, subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the dividends at the latest shall be effected after the resolution on the dividends of the shareholders' meeting.

Shares issued pursuant to subscription effected after the dividend resolution do not confer right to receive any part of the dividend.

If the payment of the dividends is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected at such date, that shares issued pursuant to such subscription do not confer right to receive

any part of the dividends. The recalculations shall be based on the part of the aggregate cash dividends per share that exceeds 50 per cent of the company's above mentioned profits after tax (the "extraordinary dividend") and shall be made by the company, to the extent possible, in accordance with the principles set forth in such Clause 8.7 above and based on the assumption that the value of the warrants shall be left unchanged.

- 8.9.3 If the company's shares are listed on a regulated market or trading platform other than Nasdaq Stockholm, references to Nasdaq Stockholm in these terms and conditions shall instead refer to such other regulated market or trading platform.

8.10 Alternative recalculation method

If the company effects any measure contemplated by Clauses 8.1– 8.5 or 8.7 - 8.8 above or Clause 8.14 below and if, in the company's opinion, application of the recalculation formulas established for such measure, taking into account the technical framework of such measure or other reasons, could not be made or would result in the warrant holders receiving, in relation to the shareholders, economic compensation that is not reasonable, the company shall make the recalculation of the subscription price and the number of shares to which each warrant confers right to subscribe for in such a manner as the company determines is appropriate to ensure that the recalculation gives a reasonable result.

8.11 Rounding off

In the recalculation of the subscription price and the number of shares that each warrant confers right to subscribe for in accordance with this Clause 8, the subscription price shall be rounded off to the nearest öre (SEK 0.01) where any SEK 0.05 shall be rounded upwards, and the number of shares shall be rounded off upwards to four decimals.

8.12 Compulsory acquisition

If shares in the company become subject to compulsory acquisition proceedings, the right to subscribe and to have subscription effected is regulated by the provisions of Chap. 22 of the Companies Act.

8.13 Merger

If (i) the shareholders' meeting resolves to approve a merger plan pursuant to which the company shall dissolve into another company or (ii) the board of directors of the company resolves that the company shall dissolve into its parent company, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscriptions ceases with the resolution of the shareholders' meeting or with the resolution of the board of directors, as applicable.

If the merger is not carried through, subscription may again be made and effected in accordance with these terms and conditions.

No later than 60 calendar days prior to the shareholders' meeting to consider the approval of a merger plan or the board meeting to consider the company's dissolution into its parent company, as appropriate, the warrant holders shall be notified of the contemplated merger. The notice shall contain a reminder of that no subscription may be made or effected after that the shareholders' meeting having resolved to approve the merger plan or the board of directors having resolved that the company shall dissolve into its parent company, as appropriate, and also a reminder of that the subscription period is brought forward in accordance with the first paragraph below.

Notwithstanding the provisions in Clause 4 above concerning subscription period, the warrant holders have the right to subscribe and to have subscriptions effected from the date of the notice referred to in the previous paragraph, provided that such subscription can be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger no later than the day before the shareholders' meeting to consider the approval of the merger plan or the board meeting to consider the company's dissolution into its parent company, as appropriate.

8.14 De-merger

- 8.14.1 If the shareholders' meeting resolves to approve a de-merger plan pursuant to which the company shall be divided through transfer of only certain of the company's assets and liabilities to one or several other companies, then subscription made at such date that it cannot be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger on the seventeenth calendar day prior to the shareholders' meeting to consider the approval of the de-merger plan at the latest shall be effected after the resolution on the approval of the de-merger plan of the shareholders' meeting.

Shares issued pursuant to subscription effected after the resolution on the approval of the de-merger plan do not confer right to receive any part of the de-merger contribution.

If the de-merger plan is completed, a recalculated subscription price and a recalculated number of shares that each warrant confers right to subscribe for shall apply to subscription effected after the resolution on the approval of the de-merger plan. The recalculations shall be made by the company in accordance with the following formulas:

$$(\text{recalculated subscription price}) = (\text{previous subscription price}) \times (\text{the average market price of the share during the period of 25 trading days starting on the day on which the share is quoted without right to de-merger consideration ("the average share price")}) / ((\text{the average share price}) + (\text{the value of the de-merger consideration paid per share}))$$

$$(\text{recalculated number of shares that each warrant confers right to subscribe for}) = (\text{the previous number of shares that each warrant confers right to subscribe for}) \times ((\text{the average share price}) + (\text{the value of the de-merger consideration paid per share})) / (\text{the average share price})$$

The average share price shall be calculated with analogous application of the provisions of Clause 8.3above.

To the extent the de-merger consideration consists of shares or other securities that are subject to market quotation in connection with the de-merger, the value of the de-merger consideration shall be deemed to equal the average of the mean of the highest and lowest prices paid for such shares or other securities each trading day during the above-mentioned 25-trading day period according to the exchange list on which such shares or others securities are primarily quoted. In the absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation.

To the extent the de-merger consideration consists of shares or other securities that are not subject to market quotation, but such shares or other securities become subject to market quotation in connection with the de-merger, the value of the de-merger consideration shall be deemed to equal the average of the mean of the highest and lowest prices paid for such shares or other security each trading day during the 25-trading day period starting on the first day of such market quotation according to the exchange list on which the share or other security is primarily quoted. In the

absence of quoted price paid, the quoted bid price shall be included in the calculation instead. If neither paid price nor bid price is quoted on a given day, that day shall be excluded from the calculation. When the value of any portion of the de-merger consideration shall be determined pursuant to this paragraph, then in the recalculation of the subscription price and the number of shares that each warrant confers right to subscribe for in accordance with the above formulas the average share price shall relate to the 25-trading day period mentioned in this paragraph instead of the period mentioned in the above formulas.

To the extent the de-merger consideration consists of shares or other securities that are not subject to market quotation, and these shares or other securities do not become subject to market quotation in connection with the de-merger, the value of the de-merger consideration shall to the extent possible be determined based upon the change in the market value of the company's shares which, according to an independent valuer retained by the company, may be deemed to have occurred as a consequence of the de-merger.

When recalculation shall be made as above-mentioned, the recalculated subscription price and the recalculated number of shares that each warrant confers right to subscribe for shall be fixed by the company two banking days after the expiry of the 25-trading day period during which the average market price of the share shall be calculated for the above recalculations at the latest, and final registration in the share ledger and on securities accounts of shares issued pursuant to subscription will be made after the recalculations having been fixed. Prior thereto, subscription is effected only provisionally – with application of the subscription price and the number of shares that each warrant confers right to subscribe for applicable prior to the recalculations – and the shares are recorded only provisionally in the share ledger and on securities accounts, together with a note that the number of shares so provisionally registered may be increased upon final registration, and do not confer right to receive any part of the de-merger consideration.

When recalculation as per the above shall take place before the subscription price has been determined according to item 3 above, the recalculation of the subscription price shall only refer to the lowest subscription price (i.e. the quotient value of the shares).

- 8.14.2 If the shareholders' meeting resolves to approve a de-merger plan pursuant to which the company shall be divided through transfer of all of the company's assets and liabilities to two or more other companies, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscriptions ceases with the resolution of the shareholders' meeting.

If the de-merger is not carried through, subscription may again be made and effected in accordance with these terms and conditions.

No later than 60 calendar days prior to the shareholders' meeting to consider the approval of a de-merger plan, the warrant holders shall be notified of the contemplated de-merger. The notice shall contain a reminder of that no subscription may be made or effected after that the shareholders' meeting having resolved to approve the de-merger plan and also a reminder of that the subscription period is brought forward in accordance with the first paragraph below.

Notwithstanding the provisions in Clause 4 above concerning subscription period, the warrant holders have the right to subscribe and to have subscription effected from the date of the above-mentioned notice, provided that such subscription can be effected to such extent that shares issued

pursuant to the subscription can be re-corded as interim shares in the company's share ledger no later than the day before the shareholders' meeting to consider the approval of the de-merger plan.

8.15 Winding-up

If it is resolved that the company shall be wound-up, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscription ceases with the winding-up resolution, regardless of the grounds for the resolution and whether the same shall have gained legal force.

If the winding-up is not carried through, subscription may again be made and effected in accordance with these terms and conditions.

No later than 30 calendar days prior to the shareholders' meeting to consider a voluntary winding-up pursuant to Chap. 25 Sec. 1 of the Companies Act, the warrant holders shall be notified of the contemplated winding-up. The notice shall contain a reminder of that no subscription may be made or effected after that the shareholders' meeting having resolved that the company shall be wound-up and also a reminder of that the subscription period is brought forward in accordance with the first paragraph below.

Notwithstanding the provisions in Clause 4 above concerning subscription period, the warrant holders have the right to subscribe and to have subscriptions effected from the date of the above-mentioned notice, provided that such subscription can be effected to such extent that shares issued pursuant to the subscription can be recorded as interim shares in the company's share ledger no later than the day before the shareholders' meeting to consider the winding-up.

8.16 Bankruptcy

If a court of law declares the company bankrupt, no subscription may thereafter be made or effected. The right to subscribe and the obligation to effect subscription ceases with the bankruptcy order, regardless of the grounds for the order and whether the same shall have gained legal force.

If the bankruptcy order is revoked, subscription may again be made and effected in accordance with these terms and conditions.

9. Special covenant of the company

The company undertakes not to take any measure contemplated by Clause 8 above that would result in a recalculated subscription price lower than the quotient value at that time of the then outstanding shares.
